PROFILE SUMMARY

I'm a passionate Software Engineer with strong skills in Java and a knack for solving tricky problems. I have a solid background in databases, SQL, and various data structures and algorithms. I solved over 500 coding challenges on platforms like Leet Code, Geeks for Geeks, Hacker Rank, and Code Chef. I enjoy using these problem-solving skills to create efficient and innovative software solutions.

EDUCATION

Bachelors at Anurag Group of Institutions, Hyderabad 7.92	2019- 23
Intermediate at Narayana Junior College, Hyderabad 97.1%	2017-19.
Secondary School Education at Krishnaveni Talent School, Nalgonda 92%	2017.

WORK EXPERIENCE

RKINFO SYSTEMS | *Software Engineer Intern* **Mar 2023- Sep 2023**

- Contributed to the development life-cycle through coding, testing, and debugging software solutions.
- Gained problem-solving experience and exposure to various software development facets by collaborating with cross-functional teams.

EAST IT CONSULTING PVT LTD | *Freelancer* **Jan 2024 – Nov 2024**

- Designed and developed the user interface for a furniture website for the client, Jim Martin.
- Utilized the **MERN stack (MongoDB, Express.js, React.js, Node.js and Restful Api's)** to create dynamic and responsive web applications.

SKILLS

Languages	: Java, C/C++ SQL, HTML, CSS, JavaScript
Frameworks	: React Js, NodeJS., ExpressJs and RESTFUL API's
Developer Tools	: GitHub, Git, Render, Vercel and Netlify
Database	: SQL, MySQL and MongoDB

PROJECTS

Online E-commerce Store

Tools: MERN STACK

May 2025

- Developed a full-stack online **E-commerce website with a responsive React.js frontend and a Node.js/Express.js** backend. Integrated MongoDB for data storage and user authentication. With **Payment Integration** as well
- Implemented an admin panel for managing orders and menu updates. Deployed the application on Vercel for live access.
- Other project links : Online market Lease, [Local Volunteer Network](#), and [pickles website](#) still work left in these projects

ACADEMIC ACHEIVEMENTS

- I have as certified Full Stack Developer from Udemy, which has deepened my expertise in both front-end and back-end technologies.
- I am certified in Java problem-solving, Python and SQL through Hacker Rank and Great Learning, which has sharpened my technical skills and problem-solving abilities.
